

# THE ULTIMATE ENGINE DETOX

UK supported, designed and manufactured equipment with full CE certification | Professional team of trained and certified agents with full UK coverage

[www.enginecarbonclean.com](http://www.enginecarbonclean.com)

## Allowing carbon to build-up will cause:

- ⚙️ Sluggishness
- ⚙️ Lumpy idle
- ⚙️ Smoking from the exhaust
- ⚙️ Emission levels too high (failed MOT)
- ⚙️ Sticking EGR valves and turbos
- ⚙️ DPF warning light illuminated
- ⚙️ Declining MPG

Have you noticed these symptoms already in your vehicle?

## We can help.

Engine Carbon Clean is the ultimate engine detox service which targets

the removal of carbon build-up from your engine, resulting in:

- ⚙️ Restored power and performance
- ⚙️ Lower emissions
- ⚙️ Restored fuel efficiency
- ⚙️ Avoidance of costly repair bills

**Good for the environment and good for your pocket too! Using Engine Carbon Clean as part of your annual maintenance plan will help keep your vehicle running smoothly, quietly, economically and with low emissions.**

**Don't delay, book today!**
